It gives those that are first in line the opportunity, for example, to take a seat on a bus, but it is not fair to the aged or infirm. This section will clarify the differences between these two concepts, and discuss the means through which the principle of humane authority can find application in shaping the present international order. Although the Chinese government has not specified economic growth as its primary priority since most Chinese people still regard the economy as the basis for national comprehensive strength, and therefore, support the elevation of economic interests to the level of a main policy objective.

Therefore, therepresentativesystemthroughdemocraticproceduresisthe The Sino-Japanese war did nevertheless favour the political victory in China in of the conservative nationalism, totalitarian and with xenophobic tendencies, of the Communist Party over the liberal, constitutional and pro-Western, if not yet democratic nationalism of the post-war Kuomintang. Liberalism rose to pre-eminence after the collapse of the Soviet Union, and subsequently influenced the international value system to the extent that the post-Cold War era is known as the liberal order.
